

## ADD-ON SERVICE

# Best-in-Class Informatica PowerCenter Modernization Services

Get Started Today!

### Scale Cloud Transformation Across Your Enterprise

LumenData specializes in delivering two kinds of PowerCenter modernization services:

- ▶ **Turnkey Modernization:** Migration factory to assist clients with end-to-end modernization of PowerCenter workloads.
- ▶ **Affordable, Year-One Fixed Price Retainer:** Migration factory to assist clients with the self-service PowerCenter cloud migration program.

### Inside LumenData's Modernization Enablement Solution

-  **Complete Risk Mitigation Assistance**  
Assistance from an Informatica-certified migration team to de-risk your self-service modernization efforts.
-  **Flexible Scaling**  
Expert guidance to scale up and down, as needed, throughout the first year.
-  **On-Demand & Scheduled Support**  
Support from LumenData team as you need it (upon reasonable notice) or during fixed office hours.

### Best Benefits of our Modernization Enablement Retainer

- ▶ Enables PowerCenter staff to perform workload migrations to the native cloud and create new workloads.
- ▶ Mitigates risks and learning curve for clients migrating workloads to the native cloud.
- ▶ Helps learn & adopt Informatica cloud-native services for new workloads.

### Leverage our Service in Two Tiers as a One-Year Competitively Priced Subscription

- ▶ **Entry Tier:** **Get Pricing** up to 2,000 hours
- ▶ **Premium Tier:** **Get Pricing** up to 6,000 hours
